Profile summary

As a MERN Stack Developer with a solid foundation in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Passionate about creating efficient, scalable, and user-friendly web applications. Experienced in developing authentication systems, RESTful APIs, and responsive front-end interfaces.

Passionate about learning new technologies and improving coding skills. Looking for an internship to apply my knowledge and gain hands-on experience in web development.
